

ALEJANDRO ARIAS

International Ministry

Alejandro is an international evangelist who has been preaching the good news to hundreds of thousands of people over the last 25 years, starting at 5yrs of age.

At 8yrs, he was supernaturally healed from a rare tumor lodged between his heart and lung.

Today, he has ministered in large crusades, and meetings across more than 57 countries, where he moves in the power and demonstration of the Lord. He has seen many miracles such as cripples walking and a woman raised from wheelchair.

Among the countries Alejandro visits he feels a special calling to Australia and a burden for our people & has a heart for revival in our nation!
